Status Need Additional Information

See the following errors found the School Performance Fact Sheet:

-You only submitted one School Performance Fact Sheet (SPFS) for both programs. You cannot combine the programs onto one SPFS, they need to be separate. You must submit a SPFS for each program and to do so you need to combine the SPFS into one PDF document. For example, if you had 5 programs and each SPFS was 9 pages long, you would combine them into a 45 page PDF document. Once you have corrected the SPFS and combined them into one PDF document, please upload to #35.

-The required statement under the job placement table needs to be customized to how a student can obtain the information.

- You reported the incorrect cost on the SPFS and need to report the 2017 cost and you cannot strike through the second sentence.

Staff Comments:

Once you have corrected the SPFS and combined them into one PDF document, please upload to #35.

On your website you need to post the most recent documents. You have old SPFS and catalog posted. Please upload the most recent documents and notify me once you have corrected the issue through this portal.

In order to get back into this workflow, you need to log into the portal and on the dashboard homepage, scroll down to your submitted workflows. On the left side you will see three dots on each submission, click on the dots relating to this submission and click on "Edit Request." Once you have corrected the issue, you can submit it again.
